**One-stop Solutions for
*Interior and Exterior Decor***

COMPANY PROFILE

Intco Decor is a brand under Intco Recycling (Stock Symbol: 688087), a high-tech manufacturing company headquartered in Zibo, Shandong Province. Founded in 2002, Intco Recycling specializes in plastic recycling and is committed to leveraging advanced recycling and production technologies to build a circular economy model for reusing high-quality plastics. As a leader in plastic sustainability, we were among the first in the industry to pass the ISO9001 quality management system, ISO14000 environmental management system, and obtain European CE certification.

One-Stop Service

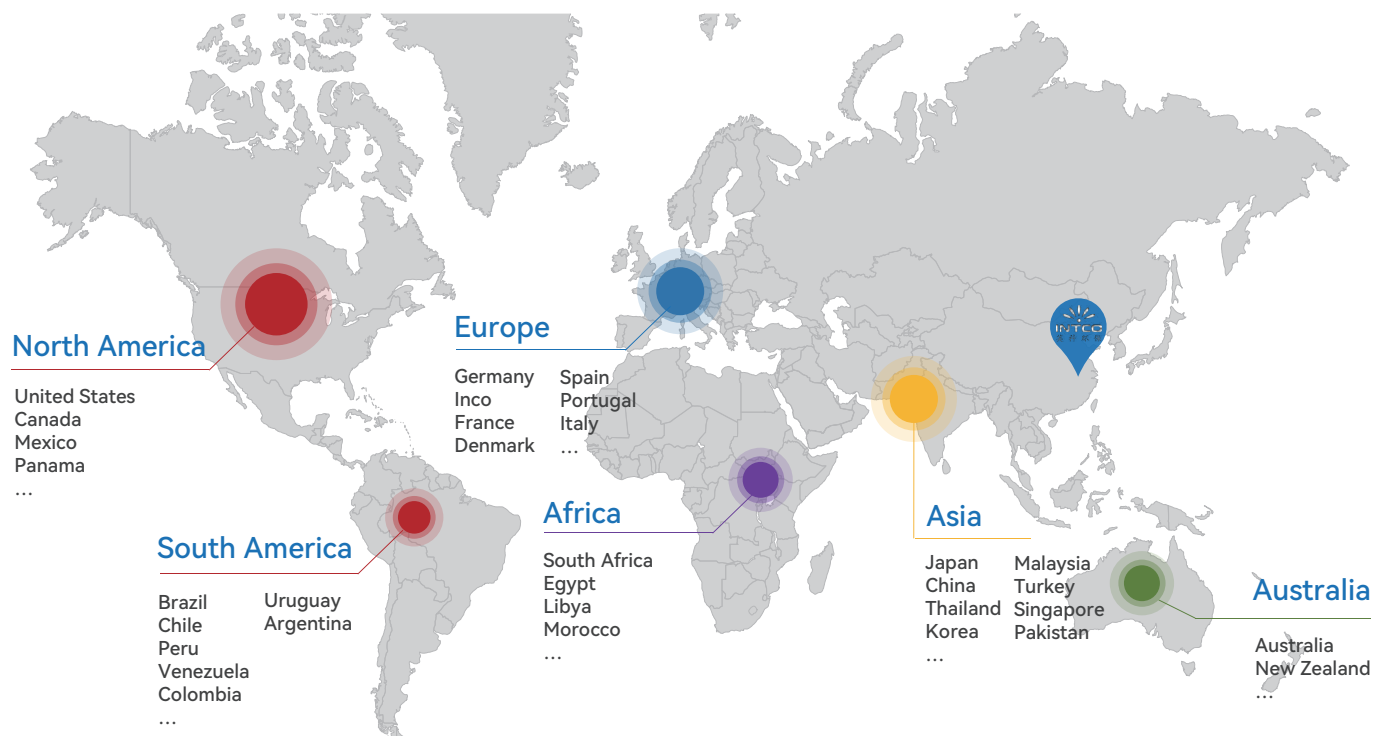

Global Logistics System

Intco Decor offers a one-stop solution for interior and exterior decor. Our product portfolio includes wall panels, wall mouldings and outdoor products. We have six production bases located in Shandong, Shanghai, Anhui, Jiangsu, Malaysia, and Vietnam. With exports to over 120 countries and more than 12,000 global customers, Intco Decor proudly stands at the forefront of the decorative materials industry, providing multi-material and multifunctional recycled products.

Driven by proactive innovation, we continue to advance plastic recycling technology, striving to become a global leader in resource recycling and contribute to sustainable development in the evolving global carbon economy.

Intco Recycling, Renewing the World.

PS WALL PANEL

PS Wall Panels More than decoration, a green commitment.

With advanced recycling and manufacturing technologies, INTCO Decor transforms overlooked EPS plastic waste into high-performance PS wall panels. Each panel contains up to 84% recycled content, delivering both aesthetic beauty and environmental responsibility. More importantly, at the end of its building lifecycle, the PS wall panel can be 100% recycled, reborn as raw material for new panels—achieving a true “cradle-to-cradle” cycle.

Choosing PS wall panels means choosing sustainability, reducing the burden on our planet, and leaving a green promise for the next generation.

FLOORING

ZERO VOC

Experience true peace of mind with a floor that's as pure as nature.

Our SPC flooring is 100% free from formaldehyde and VOC emissions, ensuring a safe and healthy home for your family. Certified by international standards, it's the perfect choice for eco-conscious lifestyles.

100% WATERPROOF

Thanks to its fully waterproof core, our SPC flooring is ideal for kitchens, bathrooms, and basements.

No warping, no swelling — just timeless beauty and easy maintenance.

Why SPC Flooring?

SUPERIOR WEAR RESISTANCE

With a premium wear layer up to 0.55mm, our SPC flooring stands up to heavy foot traffic, pets, and daily wear — without losing its charm.

Scratch-resistant and durable, it's ideal for both home and commercial spaces.

ULTIMATE DIMENSIONAL STABILITY

Engineered with a high-density stone composite core, our SPC flooring resists warping, swelling, and deformation — even under extreme temperature or humidity changes.

Perfect for any climate, from humid coastlines to dry interiors.
